Rabies Vaccination 1yr DHLPP Vaccination Bordetella Vaccination
Rattlesnake Vaccination No LEPTO Deworm
Heartworm Test Toe Nail Trim HomeAgain Microchip

Have your animal ever had a vaccine or drug reaction? NO YES

If yes, please explain: _____

Pre-Anesthetic Blood Screening

Anesthetic risk can be minimized by performing a pre-anesthetic blood screen. **We require every patient over the age of 24 months, and recommend for all patients, to have a pre-anesthetic blood screen before surgery.** This test will assess basic blood, kidney, and liver functions, and can give us valuable information to change anesthetic protocol or delay the procedure. **The cost is \$48.50. Heartworm test is not included with PABS.**

Perform bloodwork: YES NO

Pain Management

Pain medication is not included in surgical procedures. If desired, an injection (**recommended**) will be given prior to surgery that lasts approximately 24 hours from the time of surgery. A tablet or liquid form is also available to be given orally to your pet for an additional three days at home for extended pain relief. **Est. cost for injection \$15.20. Take home oral pills \$14.50. Both pain meds total cost \$30.00**

Please include pain medication: Injection: Oral Meds: Decline:
